Early diagnosis and treatment are key to prevent the complications of diabetes and achieve healthy outcomes.
About ASSP

Founded on October 14, 1911, the American Society of Safety Professionals (ASSP) is the world's oldest professional safety society.

Key facts

- 37000+ member in 80 countries
- 153 chapters (143 US, 10 global)
- 39 sections (37 US, 2 global)
- 9 regions

About ASSP Kuwait Chapter

ASSP Kuwait Chapter was founded in 2000 is the Kuwait's premier voluntary, non-profit making Health, Safety and Environmental organization that strives to provide professional guidance, training, consultancy and resources to the industrial and social sectors in the region. In pursuance to its lofty goals and objectives the society has been organizing international Conferences, Technical meets, Training programs and Outreach activities on way to become one of the most active professional bodies in the Middle East especially at valuable land of Kuwait.

Membership

ASSP members are classified in one of six (6) numbers categories: professional member, associate, international, and student, emeritus

Benefits

- Exchange of ideas, sharing best practices and knowledge through decision forms
- Gearing up yourself with the new hse challenges with new products/services
- Stay tuned with the updated legislative and hse regulations
- Sharpen your skills with training, workshop, technical meets and international conference
- Enrol into webinars and professional development
- Stand apart from the crowd with latest skills and tools from ASSP
- Network with fellow hse professionals
- Recognition / awards to the active members
- Counselling and usage of library resources
- Leadership opportunities and much more

Introduce five (5) new members to chapter and get the one year membership for free and Recognition by chapter
