Dearest and Respected ASSPIANS,

Kuwait Chapter, Kuwait

My best wishes to you and your family.

It is a genuine honor to serve as our Society's Secretary during the ASSP fiscal year that will end on 30 June 2023. On behalf of the Executive committee for the tenure of 2022-23., I am proudly happy to say to you this famous quote, "The strength of the team is each individual member, The strength of each member is the team." With reference to this quote, I would like to share with you this is my 15-year journey with the ASSP Kuwait chapter being a member and providing volunteer support to society for many years. This platform encouraged me to be part of them, learn, enhance, and share the day-by-day HSE inventions, best practices, and issues among HSE professionals, and further motivated me to develop my HSE skills and serve society by acting executive committee.

Dear Team, my message being a leader is that this is one of the open platforms that are encouraging and calling to you be part of them, join them, and come forward to lead this society in the future and be successful in this HSE Ocean.

Dear Valued members, as we know ASSP chapter Kuwait chapter communities provide accessible, face-to-face, and virtual opportunities for ASSP members to become better HSE professionals and encourage them to be in touch through more informative events, always welcome to get valued suggestions and feedback by the members and local community to serve the society in a better way.

It is a period of growth and success for our members and so our executive committee is trying virtual and face-to-face HSE Events, Technical events, Paid & Un-paid Training, outreach programs, routine Process Safety Management sessions monthly, Opportunities to get Professional Credentials, certificates and Certifications, chances to be part of ASSP Kuwait Chapters Toastmasters to improve communication skills, membership opportunities, opportunities to get the HSE advises and solutions by the senior HSE professional, career and development enhancements, chances to develop in Publication and media field, and last but not least the opportunity to be in touch with local and internal HSSE fellows.

After a long pandemic period, this executive committee started more offline mode sessions and announced the GCC Excellence Award program with the theme ***“You Perform and We recognize”***, the 11<sup>th</sup> Professional Development Conferences (PDC), and Training Workshop among the global members and society. It is open to opportunities and access to all members and professionals to be a speaker, presenters, and professional delegates.

Apart from the above message, we as a chapter executives believe think globally and act locally and I once again thank all the volunteers of the chapter for their continuous voluntary efforts in achieving the common goal of ***“Working for a better safer stronger future”***.

**Regards,**

Abul Efham Alig, IDip.NVQ, CMIOSH

"Four years ago, I attended my very first Toastmasters meeting at ASSP Kuwait Toastmasters club. At the time I had no idea what a profound effect Toastmasters would have upon my life and career! Now, as I look back over my time as a member it's easy to see the amazing impact it has had."

## Benefit of joining ASSP-KC toastmasters 📌 📌

We have witnessed many of our peers lacking confidence to utilize English in their conversations or having debilitating fear of public speaking. But for succeeding in our HSE career, improving our English-speaking skills has become a necessity.

To overcome this fear, we can pay thousands of dollars for training from a tutor which is necessarily not effective and can be a hit or miss. Or you can join Toastmasters for fraction the amount and upgrade your speaking skills. If this is what you have in mind look no further than the ASSP- KC Toastmasters club. Our members have improved their speaking skills leaps and bounds since joining the club which in turn has given a platform to improve safety at the workplace.

Toastmasters club is a nonprofit educational organization that helps you in communicating effectively in English. You can join the ASSP-KC TM Club to improve your confidence, relationships and make the case for improving safety at your workplace. TM also plays a vital role in developing your communication skills and for enhancing your self-esteem.

By joining a group of people who are like-minded you are always pushing yourself to improve and have a platform to practice speaking in front of others in a supportive environment where feedback is prioritized over criticism. Don't wait anymore – Call VP – Membership Najaz at 66610538 to be a part of this glorious journey.

## ASSP Kuwait Toastmasters 4th Anniversary

"Until you spread your wings, you will have no ideas how far you can fly" - Napoleon Bonaparte

We have conducted a 1<sup>st</sup> hybrid meeting (on site and online) on occasion of ASSP Toastmasters Club's 4th Anniversary which was held on 21<sup>st</sup> October 2022, most of Chartered Members and Sr. ASSP Kuwait Chapter advisory Committee Members attended the meeting and address the club members.
