Greetings to valued members of the ASSP Family,

It is my privilege that I have been chosen to serve ASSP - Kuwait Chapter & its activities as a Treasurer for the term 2022-23, and I am pleased to share my experience with you all.

ASSP-KC is always on the front line to bring learning opportunities for its members in the field of Health, Safety & Environment (HSE). Alhamdulillah, we witnessed many success stories of our professional members and the growth of the HSE fraternity under the umbrella of ASSP-KC through its unique programs like certification Courses, training & technical meets, webinars, etc.

Dear Valued members of the chapter, ASSP-KC is organizing an international program, Professional Development Conference (PDC), in 2023 & GCC HSSE Excellence Award program for its business partners in Dec 2022 at Hilton Hotel, Al-Mangaf, Kuwait. We strongly recommend all of you make use of this attractive opportunity to enhance your professional growth.

In addition to the above, I am proud to share that ASSP-KC retained its ISO 9001 Certification, obtained by the only chapter outside the USA, among all other chapters working under the umbrella of ASSP, USA, and making the motto of the chapter Working Together for a Safer, Stronger Future realistic with its achievements. In addition, unique programs are organized by ASSP-KC, like ASSA-KC Toastmasters Club, for its members to enhance their English-Speaking Skills & the Chapter is about to kick start NEBOSH IGC Certification Program for its members at a very reasonable cost

Being an Executive member of ASSP-KC, I strongly recommend and urge all the HSE professionals working in Kuwait to join hands and be part of the chapter activities for your personal & professional growth and the chapter's upliftment.

Ultimately, I would like to thank all the committees working under ASSP-KC for their tremendous efforts in executing chapter activities with Passion. Special thanks to the Publication committee, through which I can share my thoughts. Let's Grow Together for a Safer & Stronger future.

Best Regards

Syed Kashif Valli,

Treasurer (2022-23),

"Four years ago, I attended my very first Toastmasters meeting at ASSP Kuwait Toastmasters club. At the time I had no idea what a profound effect Toastmasters would have upon my life and career! Now, as I look back over my time as a member it's easy to see the amazing impact it has had."

Benefit of joining ASSP-KC toastmasters 📌 📌

We have witnessed many of our peers lacking confidence to utilize English in their conversations or having debilitating fear of public speaking. But for succeeding in our HSE career, improving our English-speaking skills has become a necessity.

To overcome this fear, we can pay thousands of dollars for training from a tutor which is necessarily not effective and can be a hit or miss. Or you can join Toastmasters for fraction the amount and upgrade your speaking skills. If this is what you have in mind look no further than the ASSP- KC Toastmasters club. Our members have improved their speaking skills leaps and bounds since joining the club which in turn has given a platform to improve safety at the workplace.

Toastmasters club is a nonprofit educational organization that helps you in communicating effectively in English. You can join the ASSP-KC TM Club to improve your confidence, relationships and make the case for improving safety at your workplace. TM also plays a vital role in developing your communication skills and for enhancing your self-esteem.

By joining a group of people who are like-minded you are always pushing yourself to improve and have a platform to practice speaking in front of others in a supportive environment where feedback is prioritized over criticism. Don't wait anymore – Call VP – Membership Najaz at 66610538 to be a part of this glorious journey.
