American Society of Safety Professionals (ASSP)– Gulf Cooperation Council HSE Excellence Awards is introduced to recognize leadership, excellence and encourage exceptional performance in the field of Health, Safety and Environment in private sector in the Gulf Region. The Awards are instituted by the American Society of Safety Professionals Kuwait chapter, a non-profit voluntary organization. This evidence-based awards showcases successful business models of organizations that uphold HSE management as a business value and excel in performance.

AWARD SCHEME

The award scheme is devised to recognize and reward those GCC private sector organizations who have been successful over the course of the year in managing the risks of workplace, development and their Health, Safety & Environment performance, besides doing ethical business:

- The awards are open to all **private sector organizations** of GCC Countries.
- An organization can apply for a **maximum of three awards**.
- **Application** shall be submitted to ASSP K Chapter.
- Submitted applications shall be evaluated by independent panel of HSE professionals of ASSP, headed by President ASSP-USA, Vice President – Global Region ASSP-USA and President ASSP-Kuwait Chapter
- If any additional information or clarification is required, the applicant will be invited to deliver a presentation.
- The winning organizations will be invited for an **ASSP GCC HSE Awards Banquet**, Gala Dinner and HSE Exhibition; through a Winner Package, which will be communicated along with the announcement of the award.
- Organizations willing to showcase their HSE milestones, products and services can participate in this exclusive **HSE exhibition**.
- The decisions of ASSP GCC HSE Excellence **Award Adjudication Panel** shall stand final.
- The winning organization will receive:
 - Award Certificate**
 - Commemorative Plaque**

HSE Excellence Award

For each Category

Points of Reference

Fatal Case:

Fatal Case are those work-related injuries / illness that result in death. Number of days lost for each fatal case shall be 180 days.

Loss Time Injury (LTI):

If an employee is unable to work on his next scheduled shift because of a work-related injury / illness; presence at the site does not constitute work.

Restricted Work Day Case (RWDC):

RWDCs are injuries which are severe enough to prevent a person from performing normal duties, but not so severe that lighter duties cannot be performed.

$$\text{Lost Time Injury Frequency Rate (LTIFR)} = \frac{\text{No. of Incidents (Fatal case + Lost work day)}}{\text{Total manhours worked by all employees}} \times 200000$$

$$\text{Incident Severity Rate (ISR)} = \frac{\text{Total days away from work (Fatal + LWC)}}{\text{Total manhours worked by all employees}} \times 200000$$

Environmental Incidents: Any spillage of more than one barrel of chemical / hydrocarbons is considered as environmental incident.

Medical Treatment Only Case (MTOC):

All MTOC is a work-related case for which medical treatment is given, but that does not result in a RWDC or LWC.

Property Damage Incident:

Loss damage incident which result a loss amounting more than US 10,000\$

Motor Vehicle Incident (MVI):

An undesired occurrence of event involving a motor vehicle that results in loss damage of Vehicle, property amounting over US 1000\$. MVI covers – a motor vehicle owned, leased or rental that is assigned to its company employee.

$$\text{Total Recordable Incident Rate (TRIR)} = \frac{\text{Total recordable Incidents (Fatal + LWC + RWDC + MTOC)}}{\text{Total manhours worked by all employees}} \times 200000$$

$$\text{Motor Vehicle Incident Frequency Rate (MVIFR)} = \frac{\text{Total motor vehicle incidents}}{\text{Total number of kilometres driven}} \times 1000000$$
