

ASSP Kuwait Chapter is the Kuwait's premier voluntary, non-profit making Health, Safety and Environmental organization that strives to provide professional guidance, training, consultancy and resources to the industrial and social sectors in the region. In pursuance to its lofty goals and objectives the society has been organizing International Conferences, Technical Meets, Seminars, Training Programs and Outreach activities on way to become one of the most active professional bodies in the Middle East.

ASSP-KC is committed to:

1. Understand the member's & other interested parties' requirements and fulfill their needs to meet their expectations by:
  - a. Providing up-to-date information, knowledge, techniques and tools to the HSE professionals in Kuwait.
  - b. working with industries and help them to bring high consciousness and knowledge level in Health Safety & Environment.
  - c. creating awareness among general public on issues related to HSE aspects.
  - d. advancing the technical, scientific, managerial and ethical knowledge to HSE professionals.
2. Achieve Total Customer Satisfaction and Strive to Delight the Customer.
3. Strive to Prevent Non-Conformance in all Business Process.
4. Support the Chapter's Strategic Direction.
5. Comply with Legal, Statutory, Regulatory and other Applicable Requirements, including Kuwait Society of Engineer's and ISO 9001 : 2015 Standard Requirements.
6. Identify the Opportunity of Improvement in the quality management system and endeavor every effort to achieve continual improvement in the performance.
7. Will encourage and develop the Capabilities and Competencies among the committee members.
8. Will Continually Improve the processes, with the aim of achieving the required level of service quality and increasing service efficiency.
9. Will establish Quality Objectives for the various processes as an indicator to monitor the Performance.

I commit that the Quality Policy will be communicated to the Committee Members and Chapter Members to ensure that they have understood and are applying in their processes and tasks. The policy will also be made available to the relevant interested parties through the established communication system.
